17. SUPPLIER ADDRESS - Not Applicable

18. SUPPLIER CAGE - Not Applicable

19. PROBLEM DESCRIPTION / DISCUSSION / EFFECT

On April 20, 2016, Defense Logistics Agency (DLA) lifted the stop shipment restriction on Amphenol Aerospace (AAO) product from subject connector specifications which are sole-source on their respective Qualified Product Lists (QPLs). AAO and its value-added distributors now have DLA approval to ship sole-source subject Mil-Spec product effective immediately. The relief is granted subject to the following conditions:

1. The release of the stop shipment is valid for 120 days from April 20th. The restriction will be re-imposed on all product in the subject specifications after 120 days, unless DLA indicates otherwise.
2. Group A & B lot acceptance data must be provided weekly to DLA for all products sold or shipped during the 120-day period.

20. ACTION TAKEN/PLANNED

AAO plans to comply with each requirement defined in block 19 and begin shipping product effective immediately based on material availability. Please contact AAO's POC provided in block 11 for specific part number impact by MIL-DTL.

NOTE: The temporary DLA stop shipment release does not apply to AAO's MIL-DTL-26482 Series 1 and MIL-DTL-26500 product.
